

Dear Sir/Madam

We have taken the liberty of writing to you with a proposal regarding potential relationship opportunities between our two companies.

Due to Covid19 and the uncertain ramifications this event will have with client's future financial stability and lending requirements, we intend to position ourselves as the go to people through our Lending & Debt Negotiation services which are unique in the industry. We are passionate about assisting clients achieve the best possible outcomes.

If you currently have no affiliation with other Brokers, what we are proposing is an alliance between our two companies whereas you supply to SFS all the verification requirements for a finance application on your clients behalf, we assess the application and advise on the best deal suitable to the clients situation. When relevant debt negotiation discounts are feasible, we will carry out the negotiations to help serviceability of the loan.

Commissions are paid to us by the Lending Institutions on Settlement of the loan which we would split equally between the two parties. This on average is 0.6%-0.7% of the loan total which would give your business an additional income stream as well as having a direct contact between the two businesses to ensure that your client gets the best service with timely updates on any applications.

We do not charge clients anything for our services unless we are successful in obtaining the desired outcome. We are that confident on our abilities and have achieved some amazing outcomes for our clients.

If this is something you may be interested in please call either Grant, Conor or Tracey to discuss and we would be happy to have a ZOOM or Skype tele conference to get to meet each other.

Yours sincerely,
